

Nature Heroes is an Arab and Jordanian community specialized in the field of the environment and its protection. The site aims to identify specialists, activists, companies and institutions related to the environment and its protection.

The site aims to create a safe environment by giving others the ability to write their opinions in articles related to environmental fields taken from the sustainable global goals.

(Nature Heroes): It is a site that will be developed with an easy-to-use user interface that enables the user to specify the type of sustainable global goals and global problems that the user wants the article to be included within these goals and problems.

What a user can do on the Nature Heroes website:

1. New users can easily register
2. Determine the type of classification for the article according to the category to which he wants to publish
3. Writing comments and placing likes on the articles he liked, as it is similar to other social networking sites

Nature Heroes aims to publish awareness-raising articles based on the following topics targeted by the sustainable global goals and general problems:

1. Affordable and clean energy
2. Responsible Consumption and Production
3. Climate Action
4. Life below water
5. Life on Land
6. Water pollution
7. Air pollution
8. ozone depletion
9. Global warming
10. Desertification
11. Biodiversity and Extinction
